alley in the rear of the lumber yard of Henry Beckstoffer, Jr., between Twenty-seventh and Twenty-eighth and R and S Streets, are believed to have caused the fire which destroyed thou-sands of feet of lumber and three sheds yesterday afternoon, entailing a loss of probably \$10,000, partially covered by insurance.

Smoke was seen issuing from a cor-ner of the lumber yard at 1:15 o'clock by members of engine company No. 11 and No. 2 truck, both stationed directly across the street. Investigation showed that fire had gained considerable headway in one of the larger sheds near the alley. A general alarm was sounded and in a few minutes a second alarm was turned in. After a short but hard fight, the firemen, under the direction of Chief Joynes and Assistant Chief Raffo, had the blaze under control, but It was some time before it was finally extinguished. One stream was kept playing on the great mass of charred wood until after 6 o'clock last night.

## **BUT GAME IS WON**

[Special to The Times-Dispatch.]
Paterson, N. J., May 2.—A home run hatted out by a high school boy in a vacant lot won the game for his team in the ninth inning to-day.
The ball caromed off the head of Andrew Van Ninwegen, a baker, who was driving past the ball field, and landed on the back of his horse.
The horse ran away, and the baker, repartly stunned by the blow, tumbled off his wagon as it ran into a telegraph pole. The horse continued a gallop until the wagon, was wrecked.
The baker, a baseball fan, decided to make no complaint when he heard that the ball that hit him had brought in a home run and won the game.

## **GOVERNOR IS DEFEATED**

Several to The Times-Dispatch.]

Newbern, N. C., May 2.—For the fourth time in less than two years, the little town of La Grange, located on the Norfolk-Southern Railroad between Newbern and Goldsboro, was visited by a disastrous fire this afternoon. The fire originated in a restaurant near the depot shortly after 3 o'clock, and within two hours' time had laid a section of the business part of the town in waste, doing damage which is estimated at about \$90,000. From the restaurant the flames spread to a carriage shop and destroyed that. Wilson's store was next consumed, and the blaze then spread to R. G. Creecy's dry goods store, and before the fire had been extinguished the depot. Mewborn's jewelry-store, Aldridge's store, John Fields's establishment, the La Grange Grocery Company, Isler & Fields's establishment, and several other small buildings had been burned to the ground.

It was necessary to use dynamite to check the progress of the flames, and one building was blown up with this. Telephone and telegraph wires were burned down, and there is no connection with the town to-night. There was a scarcity of water, and the small fire department was handleapped in its work on this account, it being necessary to get water from several wells in the vicinity of the blaze. The fire was a without any doubt, the worst that ever visited that town.
